1326. SHRI RUMANDLA RAAMACHANDRAYYA: Will the Minister of SMALL SCALE INDUSTRIES be pleased to state:

(a) whether Small Scale Industry Units often complaint about the prevalance of Inspector Raj harassing them on plea of safety, security and environment; and

(b) if so, the remedial measures proposed to check their harassment?

THE MINISTER OF STATE IN THE MINISTRY OF SMALL SCALE INDUSTRIES (SHRI TAPAN SIKDAR): (a) and (b) Government have occasionally received representations from industry associations and Small Scale Industries (SSI) units about the prevalence of Inspector Raj. Government have already introduced a system of inspection based on selection of units from defaulters list in the Employees Provident Fund Organization (EPFO) and Employees State Insurance Corporation (ESIC). In addition, Government have recommended to all the State Governments that they consider putting in place of self-Certification System wherein returns submitted on various labour laws by small scale units are certified and this may be treated as *prima facie* compliance. Under this system inspections would be conducted only when essential *i.e.* on receipt of written, verifiable and signed complaints from stakeholders.

Government had also entrusted a study for simplification of laws, rules and procedures affecting the SSI sector to the Administrative Staff College of India (ASCI). The draft of a Small Enterprises Development Bill received from ASCI, *inter alia,* seeks to reduce the rigour of labour related inspections on SSIs.
